CALL FOR PAPERS

Special Session on Ambient intelligence of mobile robots or vehicle with human factors

to be held in the frame of IECON 2013 - The 39th Annual Conference of the IEEE Industrial Electronics Society 10th -13th of November 2013, Austria Center, Vienna, Austria

TOPIC OF THE SPECIAL SESSION

Technical points or issues on intelligent agent e.g. a mobile robot or vehicles, are underlying acquisition of information with respect to surrounding environment by a variety of sensors and information processing. In the special session, we rather focus on information processing for such sensor data and how to make smooth interaction between human and the system. New approach and experimental implementation will be discussed by the researchers and scholars.

SPECIAL SESSION ORGANISATION

Kang-Hyun Jo acejo@ulsan.ac.kr

Hiroshi Hashimoto hashimoto@aiit.ac.jp

Burkhard Wuensche b.wuensche@auckland.ac.nz

Laurent Heutte Laurent.Heutte@univ-rouen.fr

Important Dates

Regular Paper submission: Notification of acceptance: Final submission: April 01, 2013 June 15, 2013 August 01, 2013 The organizers look forward to welcoming you to Vienna, Austria from 10th to 13th November 2013.

SUBMISSION OF PAPERS

The working language of the conference is English. Submit the full paper as PDF following the IEEE layout requirements by using the templates given at the conference web page. Accepted and presented papers will be published in an IEEE Proceedings volume and will be sent to IEEE Xplore. In addition, selected authors are encouraged to submit their papers for publication in the IEEE Transactions on Industrial Electronics or in the IEEE Transactions on Industrial Informatics.

THE CONFERENCE

IECON 2013 is the 39th Annual Conference of the IEEE Industrial Electronics Society, focusing on industrial and manufacturing theory and applications of electronics, controls, communications, instrumentation and computational intelligence. The objectives of the conference are to provide high quality research and professional interactions for the advancement of science, technology, and fellowship.

Papers with new research results are encouraged for submission. IECON 2013

will be held concurrently with the 7th IEEE International Conference on E-Learning in Industrial Electronics (ICE-LIE 2013). Participation in any of these events just requires a single conference registration fee. The world's industry, research, and academia are cordially invited to participate in the wealth of presentations, tutorials, special sessions and social activities, and furthermore, enjoy beautiful Vienna.
